

# Software Development Paid Internship

## About Polixis

*Based in Geneva, Switzerland, Polixis provides specialized research and consultancy on Political, Country, Compliance and Regulatory risks in emerging markets to a client base mainly drawn from the Banking, Financial and Risk Management industries. Drawing on our market leading expertise on Risk & Compliance research, we are also developing a range of Fintech solutions to our clients needs.*

*We are looking for a Developer Intern to join our growing team in Yerevan.*

## Job Responsibilities

*The intern will be primarily working on our flagship banking risk management software and reporting directly to Head of R&D Lead. The key responsibilities for the intern will be:*

- Survey/gathering of data across multiple sources and jurisdictions;*
- Their appropriate processing to meet the technical specifications for the tool.*

*The role may further lead to more tasks depending on skills and competences of the intern.*

## Required Qualifications

- BS, MS or PhD in Data/Computer Science. Any other cursus may be considered, provided that the person can demonstrate the above mentioned skills;*
- Hands-on experience with data extraction, processing, transformation from different sources;*
- Solid knowledge of JSON, XML, SQL, Excel;*
- Ability to work autonomously under the guidance of the supervisor;*
- Knowledge and experience with large data sets, dealing with relational and noSQL databases;*
- Excellent verbal/writing communication skill in English.*

## Desired Qualifications

- Knowledge of a programming language (Java, Python, Perl, R etc.);*
- Knowledge in machine learning will be a plus;*
- Prior work/internship experience in a High-Tech or Software company.*

## What we offer

- Monthly **AMD 150,000 (gross)** allowance with a possibility to later on join the company's main staff with higher salary rate;*
- A possibility to grow within a growing company with recognized expertise on Risk & Compliance;*
- First class training and experience in understanding regulatory and practical framework of European banking operations and associated FinTech products.*

## Application procedure

*Interested candidates should send their CVs to [jobs2@polixis.com](mailto:jobs2@polixis.com) with a subject line "Software Development Internship". Please, kindly note that only shortlisted applicants will be contacted. Please, also note that this is a full-time position and cannot be combined with any other positions.*

*Application Deadline: 6 March 2019*
