# POLIXIS
### TRANSLATING RISK INTO BUSINESS

# Front-End Developer

## Description

*We are looking for an experienced Front-End Developer to work on our flagship banking risk management software - ARDIS. The person should be motivated to combine the art of design with the art of programming. Responsibilities will include translation of the UI/UX design wireframes to actual code that will produce visual elements of the application. You will work with the UI/UX design and bridge the gap between graphical design and technical implementation, taking an active role on both sides and defining how the application looks as well as how it works.*

## Job Responsibilities

- *Develop new user-facing features;*
- *Build reusable code and libraries for future use;*
- *Ensure the technical feasibility of UI/UX designs;*
- *Optimize application for maximum speed and scalability;*
- *Assure that all user input is validated before submitting to back-end;*
- *Collaborate with other team members and stakeholders.*

## Required Qualifications

- *Proficient understanding of web markup, including HTML5, CSS3, SASS;*
- *Proficient understanding of client-side scripting and JavaScript frameworks, including jQuery;*
- *Good understanding of libraries and frameworks like TypeScript, ReactJS, CytoscapeJS, RxJS, Bootstrap etc;*
- *Good understanding of reactive programing;*
- *Good understanding of asynchronous request handling, partial page updates, and AJAX;*
- *Good understanding if data structuring formats like JSON and XML;*
- *Basic knowledge of image authoring tools, to be able to crop, resize, or perform small adjustments on an image;*
- *Familiarity with tools such as Gimp or Photoshop is a plus;*
- *Proficient understanding of cross-browser compatibility issues and ways to work around them;*
- *Proficient understanding of code versioning tools, such as Git / Mercurial / SVN;*
- *Knowledge of Java and related web technologies would be a plus;*
- *At least 2 years on experience of working on similar position.*

## What we offer

- *Competitive salary;*
- *Health Insurance;*
- *Possibility to grow within a growing company with recognized expertise on Risk & Compliance;*
- *First class training and experience in understanding regulatory and practical framework of European banking operations and associated FinTech products.*

## Application procedure

*Interested candidates can send their CVs to jobs2@polixis.com with a subject line "Senior Front-End Developer". Please kindly note that only short-listed applicants will be contacted. Please note that this is a full-time work and cannot be combined with other positions within third party organisations.*
