JOB OPENING

**POSITION NAME:
MID FRONT-END DEVELOPER**

LOCATION: YEREVAN, ARMENIA

ABOUT POLIXIS

Headquartered in Geneva, Switzerland, Polixis is a leading Swiss firm specialized in RegTech Solutions for banking & financial sector offering unparalleled deep data and automation solutions. We are already the leading player in High End segment of Compliance SaaS & DaaS within Wealth Management community with 300% year on year SaaS growth. We provide our clients with a focused and insightful advisory service using our own RegTech software intelligence tool ARDIS and human-led research expertise.

JOB DESCRIPTION

We are looking for a bright-minded Front End Developer to join our Yerevan office. An ideal candidate should demonstrate skills in creativity and innovation, as well as in communication and teamwork.
You will be part of a talented team of engineers that demonstrate superb technical competency, delivering mission critical infrastructure and ensuring the highest levels of availability, performance and security.

THE IDEAL CANDIDATE SHOULD HAVE

- Knowledge of REACT tools including React.js, Webpack, Redux (React Redux)
- Experience in JavaScript and supporting technologies such as TypeScript and npm
- Experience with chart libraries like amchart.js or cytoscape.js
- Experience with user interface design
- Experience with browser-based debugging and performance testing software
- General understanding of UI/UX processes
- Excellent troubleshooting skills
- Ability to work under pressure.

JOB RESPONSIBILITIES

- Develop new user-facing features
- Build reusable code and libraries for future use
- Ensure the technical feasibility of UI/UX designs
- Optimize application for maximum speed and scalability
- Assure that all user input is validated before submitting to back-end
- Collaborate with other team members and stakeholders

REQUIRED QUALIFICATIONS

- BS/MS degree in Computer Science / Engineering
- 3+ years of professional experience
- In-depth knowledge of JavaScript, CSS, HTML and front-end languages
- Hands on experience in React.JS (functional components and class components)
- Knowledge in React Context
- Knowledge of Node.js concepts (Such as event loop, cluster, memory management)
- Knowledge of writing unit tests would be an advantage

WHAT WE OFFER

- Competitive salary;
- Full health care coverage;
- Flexible vacation and day-off policy;
- A possibility to grow within a growing company with expertise on Risk & Compliance
- First-class training and experience in understanding the regulatory and practical framework of European banking operations and associated FinTech products;
- Creative and cozy office at the center of Yerevan.

HOW TO APPLY

Interested candidates should send their CVs to jobs2@polixis.com with the subject line "**Mid Front-End Developer**". Please, kindly note that only shortlisted applicants will be contacted.
Please, also note that this is a full-time position and cannot be combined with any other positions.
